Procedure for ABC :

Stage 1 : Ward wise Dog Catching by the trained Catchers.

Stage 2 : Pre-Operative care (No Food to that Dogs. Only drinking Water)

Stage 3 : Surgery with Empty Stomach.

Stage 4 : 3 Days post operative care taken and food and feeding given to dogs.

Stage 5 : Release and relocate the Stray Dogs to the Same place.

Minimum 20 Dogs are necessary for doing surgery. Per Day approximately we can do surgery for 30 Dogs. Award Trust, Theni is doing this surgery. We can identify the surgery dogs by "V" shape curved cutting of their right side ear. Manapparai Municipality is spending from the General fund Rs. 445 /- per Dog. Later on 50% of the expenditure will be reimbursed from Animal Welfare Board of India, Haryana.
